PROFILE

My name is Angelo Dela Torre, a 4th-year Bachelor of Science in Information Technology student at Pateros Technological College, currently seeking a 600-hour internship as part of our academic curriculum. I have hands-on experience in web development using HTML, CSS, JavaScript, and modern frameworks and tools through academic and personal projects.

PROJECTS

Personal Portfolio Website

Tech Stack: HTML, CSS, JavaScript

- Highlighting my projects, technical skills, and hands-on experience
- Demonstrating proficiency in front-end development and modern web technologies
- Presenting a comprehensive overview of my background, professional journey, and personal story

AD-KPOP MERCH

Tech Stack: JavaScript, HTML, CSS, Tailwind CSS, Next.js

- Built an e-commerce website for our TECHNOPRENEURSHIP subject.
- Demonstrating proficiency in front-end development and modern web technologies
- Presenting the ability to work collaboratively on real-world projects and deliver functional applications

DearNote

Tech Stack: MongoDB, Express.js, React, Node.js

- Built a CRUD note management system (create, read, update, delete) demonstrating full-stack logic flow
- Developed both frontend UI and backend API, achieving modular code organization and scalability
- Completed project within a structured development cycle, reinforcing proficiency in asynchronous programming and API communication

INFILTR8 (Capstone Project)

Tech Stack: HTML, CSS, JavaScript, Google Sheet

- Developed a website to showcase our online multiplayer mobile game called INFILTR8: Trust No One.

INFILTR8: Trust No One (Capstone Project)

Tech Stack: Unity(C#), PUN 2, Firebase, Google Auth 2.0

- Developed an online multiplayer mobile game called INFILTR8: Trust No One.
